

**The Tribute WTC Visitor Center has been selected as one of the beneficiaries of the first educational firefighting seminar presented by BullEx Digital Safety and the NY Fire Rescue Training Group.**

**FIRE GROUND INJURY & DEATHS EDUCATION SEMINAR**

***Mistakes We Make & Lessons Learned***

This seminar will educate us to some of the most recent tragedies that have occurred in the Fire Service. Any death is a tragic one, not only for the families of the victim, but also for the “brothers”. This is to ensure we realize what if anything went wrong, correct that and pass along all pertinent information and lessons learned to ensure it never happens again. Seminars will review events leading up to recent firefighter deaths and try to offer perspectives on how to prevent similar incidents.

**SPEAKERS**

FDNY Commissioner Salvatore Cassano  
FDNY Chief John Norman III (Retired)  
FD Chief Michael Lombardo, Buffalo, NY

***A portion of the proceeds will be donated to:***

- Tribute WTC Visitor Center
- National Fallen Firefighters Foundation
- The Firefighter Cancer Support Network

Saturday March 13, 2010  
New Yorker Hotel, New York City
